

## 1957 Morgan 4/ 4 Series 2

£14,500

1957 Morgan 4/ 4 Series 2. One lady owner from new! Running driving project. This pretty indigo blue with black trim 4/ 4 originally had the rather leisurely Ford 100E side valve engine, but in 1964 a 997 Ford Anglia OHV engine and 4 speed gearbox was fitted (standard fitting for a series 3) which provides a useful increase in performance. The car was off-road from 1987-95 during which time it received a new chassis. It appears to have always been well maintained, unused but garaged for the last few years. RTCC has carried out a full appraisal of the current condition and can provide a list of works required to make this charming little car roadworthy. A new clutch and wheel cylinders being notable items. RTCC would be delighted to carry out any or all of the work required. For sale as it for £14,500
