

1959 Morgan +4 F.I.A race car.

Rebuilt by us from a new chassis up to full race specification with the rights bits including a full house Mass racing all steel 2.2 litre TR engine on twin 45DCOE Weber's, Belinger gearbox internals and FIA compliant LSD rear axle. The total cost of the no expense spares build was in excess of £100,000 in 2017, with current FIA HTP papers until 2027. This beautiful 1950's Morgan has competed in Europe at SPA and Dijon amongst others and extensively in the UK with HSCC road sports, Equipe and Fiscar.

Highly eligible for prestigious events such as Goodwood, Le Mans classic, Masters and Spa 6 hour. Ready for immediate use with low engine hours, a very competitive car for $\pounds 79,950$.

RTCC would be delighted to continue to prepare the car and offer arrive and drive and on site storage facilities with a hugely experienced championship winning team.
