

## 1970 Morgan + 8 Moss Box

**£33,950**

1970 Morgan + 8 Moss Box.

A very attractive yellow/black colour scheme with original black ambler trim. Acquired by the current owner in 2001 in LHD form, the car was converted to RHD using the more accurate and lighter Gemma steering box. There are receipts in the file showing considerable upgrades including telescopic rear dampers, de-cambering the front suspension, uprated radiator and oil cooler installation. At the same time a safety devices rear rollover bar with headrests and full harness belts were fitted. Showing a plausible 73,000 miles from new, she drives exceptionally well and would make a lovely rally/sprint/hill climb car as well as create fun on the road, with that charismatic V8 sound. When launched in 1968 the plus 8 was the world's fastest accelerating car to 100mph!

A lot of fun for £33,950
